

GREGORY H. TCHEJEYAN, M.D. BIBLIOGRAPHY

- Extensor Mechanism Repair. **GH Tchejeyan**. In: Cushner FD, ed *Surgical Techniques of the Knee*. New York, NY: Thieme, 2004.
- The Stiff Total Knee Arthroplasty. **GH Tchejeyan**. *Seminars in Arthroplasty* 13(1): 56-63, 2002.
- The Insall legacy in total knee arthroplasty. GR Scuderi, WN Scott, **GH Tchejeyan**. *Clinical Orthopaedics & Related Research*. (392):3-14, 2001.
- Total Knee Arthroplasty in Patients Younger than Fifty-Five Years Old: An Update. **GH Tchejeyan**, GR Scuderi, WN Scott, JN Insall. Poster Presentation at AAOS 2001, San Francisco, CA.
- Flexion Supracondylar Humeral Fractures in Children: Open versus Closed Reduction. **GH Tchejeyan**, MM Hoffer. Podium Presentation at AAOS 2001, San Francisco, CA.
- An Experimental Study of Long Bone Fracture Fixation with Plates and Screws Augmented by Cerclage Cables **G.H. Tchejeyan**, H. Schmotzer, S. Richardson, DM Dall; Submitted for Publication.
- The Use of a Modular Oncologic Knee Fusion Prosthesis for Severe Bone Loss After TKA: A Case Report. EJ McPherson, **GH Tchejeyan**. In Progress.
- The Biomechanical Advantage of Cable Cerclage for Unstable Intertrochanteric Femur Fractures. **GH Tchejeyan**, DM Dall, LE Shepherd, TP Hedman. Presented at Southern California Graduate Orthopaedic Society; June 1999; Los Angeles, CA.
- Bilateral Proximal Tibia Fractures: Case Presentation and Discussion. **GH Tchejeyan**. Presented at the First Annual Martin Luther King - Drew Pelvis and Lower Extremity Salvage Course; August 1997; Pasadena, CA.
- Surgical Management of Intra- and Post-operative Fractures of the Femur about the Tip of the Stem in Total Hip Arthroplasty. H. Schmotzer, **G.H. Tchejeyan**, DM Dall; *Journal of Arthroplasty* 11(6): 709-17, 1996.
- Strength and Stability of Screw and Cerclage Techniques for the Internal Fixation of Fractures. **G.H. Tchejeyan**, H. Schmotzer, DM Dall; Presented at the 3rd Annual California Orthopaedic Association Meeting; May 1993; Newport Beach, CA.
- Efficacy of Passive Immunotherapy in Experimental Postsplenectomy Sepsis Due to Haemophilus Influenzae Type B. J. Camel, K. Kim, **G. Tchejeyan**, G. Mahour. *Journal of Pediatric Surgery* 28 (11):1441-5, 1993.
- A Comparison of Current and Alternative Loading Configurations of the Proximal Femur for the Evaluation of Reconstructive Surgical Procedures. H. Schmotzer, **G. Tchejeyan**, J. Song; *Journal of Engineering and Medicine* 206:29-39, 1992.
